REASONS TO COUNT ON US

Dear customer, it's our privilege that you have selected advance laminates for your surface decoration requirement. We have various finishes for your residential and commercial spaces be it your drawing room, bedroom, kitchen, wardrobe, office or showroom, we have everything for all needs, Utmost care has been provided while manufacturing these laminates because we care for the emotion of person while selecting the designs for their needs.

Advance decorative laminate is India's most favorite brand which has been serving the panel trade since 1991. Our manufacturing facility which is spread across 25 acres is located in HAPUR, 30kms east to the national capital, Delhi. The factory is equipped with state of the art machinery majorly imported from Europe. The designs films are sourced from different parts of the globe namely ITALY, KOREA, JAPAN and UNITED STATE. We can truly say we bring the best of the world to India and also push forward the make in India initiative. We have been awarded with ISO 9001:14001 and 45001 certifications where we are committed to comply to world's best standards of quality control, safety of our people and also keeping our environment clean and future safe. We have also been awarded CEMARK, FSC & IGBC which enables us to go about our business while keeping nature protected.

we currently have presence on more than 40,000 retail outlets, spread across India, We truly believe in the concept of better than before and consciously strive to improve everything we do.

BAFFLE COMPONENTS

Welcome to a new era of ceiling design with our innovative Baffle Ceiling System. Simplifying installation without compromising on style, our system comprises of three essential components: Baffle Bottom, Baffle Top and Finishing Cap.

BAFFLE TOP

Enhance the aesthetic appeal of your space with the **Baffle Top** the epitome of sophistication. Using a unique overlapping technique, it seamlessly integrates with the Baffle Bottom, adding a touch of elegance and refinement to your ceiling.

BAFFLE BOTTOM

Designed for effortless installation, the **Baffle Bottom** serves as the sturdy foundation of our system. Easily mounted onto GI framing or directly onto the ceiling, it provides stability and support, ensuring a hassle-free setup process.

FINISHING CAP

Complete the look with our **Finishing Cap**, designed to cover both ends of the baffle. This component provides a finished appearance and protects the hollow portion from dust and other debris. Available in a standard matte black color, the Finishing Cap ensures your baffle ceiling maintains its pristine condition.

BAFFLE INTERLOCKING

Introducing our innovative Baffle Interlocking system revolutionizing the way Baffle Ceilings are installed. With interlocking panels, installation becomes a breeze, using our click lock system. Say goodbye to visible seams and hello to effortless elegance. Experience the ease and beauty of Baffle Interlocking where installation meets perfection.

INSTALLATION OF ADVANCE BAFFLE ON GI FRAMING

Install the intermediate channel on ceiling angle with spacing of 600mm between the intermediate channels

Baffle bottom to be screwed on Intermediate channel, at a distance of 50-150mm center to center, depending on site specifications

Interlock the Baffle Top with the Baffle Bottom sequentially, one after another, using the click-lock system

Attach the Finishing Cap at both ends to complete the installation. Here is the final appearance of the Advance baffle on the ceiling with GI framing.
